MetArtSpace is our immersive and interactive art space, designed for exploring virtual exhibitions in an innovative environment.

Circular ArtSpace is a Bristol-based not-for-profit organisation dedicated to curating art exhibitions and events. We provide affordable, accessible exhibition space for emerging and under-represented artists, giving them the chance to showcase their work both in our refurbished double-decker bus gallery in Bristol and in virtual reality, through our MetArtSpace. We take no commission on artists' sales, in either setting.

We also organise a range of other events throughout the year, offering further opportunities for artists to connect with the public and gain exposure.

All our exhibitions and events are promoted through our newsletter, website, social media and online art platforms.
